

**Agreement on the Conservation of Albatrosses and Petrels**

**Third Meeting of Advisory Committee**

*Valdivia, Chile, 19 – 22 June 2007*

---

**Directory of Authorities, Research Centres, Scientists  
and Non-Government Organisations**

Author: **Secretariat**

**Directory of Authorities, Research Centres, Scientists  
and Non-Government Organisations**

Section 5 of the Action Plan lists the information that is to be collated by the Advisory Committee and included in the reports it provides to the Meeting of the Parties, as required under Article IX (6) d) of the Agreement.

Section 5.1 k) specifically requires the Advisory Committee to include in this report lists of authorities, research centres, scientists and non-governmental organisations concerned with albatrosses and petrels. To assist the Advisory Committee in compiling this list the Interim Secretariat has prepared an example of the type of information that could be included in such a report in Attachment A.

It should be noted that the information in some of these fields will be likely to change over time, for example the names of the heads of organisations. The Advisory Committee may wish to consider whether the resources required to keep the list up to date with such changes is warranted, given the purpose of the report.

Action required:

1. To determine what fields should be included in this list; and
2. To provide the Secretariat with updated and/or additional information for inclusion in the report prior to the next Meeting of the Parties.
